Lab 2

In this experiment since the Pc's and routers are on different levels cross over wires are used, to make the connections. We can test this connection by sending a ping from one system to the other.

output :-

Pc₀ replies from 10.0.0.20 ; bytes = 32 time = 10ms
Pc₀ replies from 10.0.0.20 ; bytes = 32 time = 9ms
Pc₀ replies from 10.0.0.20 ; bytes = 32 time = 5ms
Pc₀ replies from 10.0.0.20 ; bytes = 32 time = 4ms
